

TRAIL DESCRIPTION: The walk route makes use of the existing surface of Interstate I-75 as it crosses the Straits of Mackinac, which includes cement or asphalt paving and grating. The 5-K distance is rated 1-A. Any distance greater than 5-K is rated 2-A. The trail ratings are based upon the current AVA rating scheme. The trails may not be suitable for wheelchairs or strollers. In the event of relatively extreme weather conditions, there may be some additional restrictions or prohibitions in effect.

The Northern end of The Bridge requires crossing natural terrain to access the ingress and egress point.

INVITE YOU TO

THE 2026 MACKINAC BRIDGE WALK

A SEASONAL VOLKSSPORTING EVENT
TO CELEBRATE THE AVA 50TH ANNIVERSARY
FROM 7 AM TO 10 AM ON SEPTEMBER 7, 2026

VOLKSMARCH (WALK) WITH MULTIPLE DISTANCES

MACKINAW CITY, MICHIGAN

MA2026/131664 (WALK)

WELCOME: To celebrate the 50th anniversary of AVA, the Mackinac Bridge walk in Northern Michigan on Monday, September 7, 2026, will be one of the featured celebration walks. The Bridge Walk is an annual event on Labor Day, the only time that the bridge is closed to traffic from 6:30 am to 12 noon, allowing thousands of people to walk across the Straits of Mackinac on the bridge, the longest suspension bridge in the Western Hemisphere. The total distance across the entire bridge and back is 18-K, but people can choose to walk as far as they want, then turn around and return to where they started. Because thousands of people from Michigan and across the U.S. come to the area for this historic walk, we wanted to give you a heads up to start planning now.

PLANNING CONSIDERATIONS: Items to consider include:

- 1) There are two Start Points (one at the North end of The Bridge - St Ignace, and one at the South end of The Bridge - Mackinaw City).
- 2) You may start any time after 7 am, when the Governor's delegation opens the walk at the North end of The Bridge and MUST be off The Bridge by 12 Noon. The very last time that anyone will be allowed to begin walking The Bridge is 11 am by which time the only distance available is 5-Km.
- 3) The Michigan State Police and the Mackinac Bridge Authority regulate the Bridge Walk. (This event is not under the control of the MARD or the AVA.)
- 4) The distances offered for The Bridge Walk are 5-km, 10-Km, 15-Km and 16-Km, to which you may add your distance to reach the ingress point for the walk and the direct return to your lodging or auto. The four distances identified are based upon a round trip from the ingress point to a specific turnaround point on the Bridge and return to the ingress/egress point. To plan your trip, you will need to make some decisions beforehand on where to start and how far to walk. Detailed information on the walk itself will be available in the Map & Directions for the event, which is OSB only, except for bus groups.) Once you have decided on your Start Point and Distance, you will want to give some consideration to lodging, transportation and parking.

LODGING: Because of the variables of The Bridge Walk, I do not anticipate there being a "Host Hotel." If cost is not a factor, staying in Mackinaw City is possible. Bear in mind that lodging in Mackinaw City during the Labor Day Weekend is not cheap. Even the two Super 8's in Mackinaw City charge over \$300 per night with at least a two-night minimum stay. Recommended lodging locations with reasonable rates, availability and a reasonable distance to the South end of The Bridge may be found in Gaylord (1 hour drive on I-75 to Mackinaw City), Grayling (1-1/2 hour drive on I-75 to Mackinaw City), Cheboygan (MI) and Petoskey (MI). Recommended lodging locations with reasonable rates, availability and a reasonable distance to the North end of The Bridge may be found in Sault Ste Marie (1 hour drive on I-75 to St Ignace), and St Ignace itself.

TRANSPORTATION: For transportation, a vehicle is useful for mobility. From Michigan's Southern State Line to Mackinaw City, it is about a 6-hour drive one way, and a 3-1/2 to 4-hour drive from Michigan's Upper Peninsula Western and Southwestern State Line to St Ignace. The nearest airport to Mackinaw City that provides regular commercial flights is the Pellston Regional Airport (PLN), which also has available rental vehicles and a shuttle. Rentals and the shuttle require reservations that may be done through the PLN website. PLN is serviced by Delta and United

through SkyWest. Another option for commercial flights near Saint Ignace is the Chippewa County International Airport (CIU), which is the former Kincheloe Air Force Base. It is at the midway point between Saint Ignace and Sault Sainte Marie. So, it is only about a thirty minute drive on I-75 to Saint Ignace. CIU is serviced by Delta through SkyWest. The nearest Amtrak Station is in Traverse City, which is currently not a good option, because of distance and lack of options for travel between Traverse City and Mackinaw City.

PARKING: For parking on the day of the event, you will find plenty of free parking at Bridge View Park, which is also the Start/Finish Point at the North end of The Bridge. If you wish to walk to the North end of the Bridge from your lodging in St Ignace the distance may be up to 3.7 miles one way, which you may add to the distance you actually walk on The Bridge. Also, some of the lodging locations may offer a shuttle to or from a point near the North end of The Bridge. To access the South end of The Bridge there is plenty of parking for a price in the range of \$10 to \$30 in Mackinaw City. Some of the parking may be provided by local charitable organizations seeking a donation. Last year, Shepler's Ferry started offering parking for \$15 at its Day Lot on Nicolet Street, even if you are not taking the Ferry on the same date. If you arrive exceedingly early on September 7, you may even find free parking at the Michigan Welcome Center on Nicolet Street after exiting from I-75 at Exit 337 (Nicolet Street). (The Welcome Center is exactly one kilometer South of the ingress point at South end of The Bridge.)

SPONSOR: The Mid-America Regional Director, Robert (Bob) Buzolich (AVA Club #REG-MA) of South Bend, Indiana.

PROCEDURE: The primary means of registration for this event is through the AVA Online Start Box (OSB) at <https://my.ava.org>. When you register through the OSB, you may download the Map and Directions for this event and complete the event at your own pace on the designated date and times. Upon completion, please return to the OSB to record your completion and receive credit. On-site registration and physical stamping will only be available for Bus Groups, who need to coordinate with the host/POC No Later Than August 7 via email or phone.

START/FINISH: The location of the Start/Finish Point will be provided with the Map & Directions when you register using the OSB. When you register through the OSB, you may do the event anytime during The average walker can complete a ten kilometer trail, rated 2-A, in about 2-1/4 to 2-1/2 hours.

FEES: Everyone is welcome. However, event registration for the walk associated with this event, which includes a fee, is required of all participants. The basic registration fee for ALL participants is \$4.00, which will be collected through the OSB or the Tour Guide if you are a member of a bus group.

IVV CREDIT: Participants completing this event are eligible for IVV event and distance credits.

Anniversaries Hurrah
